# '39 Chevy defies its age with every drive

By Tim Paolcane  
*Senior Correspondent*

When it comes to buying your dream car, Tim Shue will attest that getting it isn't always as simple as you think. Not only is your best bet not to buy a car you'll regret, but you might also want to make sure you're not buying a car that's too old to drive.

Shue, an engineering manager from Pasadena, was in the right place at the right time — Weststar for Street Survivors car club — when he found the owner of a 1939 Chevrolet Master Deluxe street rod coupe.

"I saw it [the Deluxe] back at a car show in 2004 and I was I saw it around it was a local car show in Glen Burnie and Pasadena, one day I was talking to the owner telling him how much I liked it and how it was a nice car. And he said it was for sale, so that got my wheels turning on how to buy it," said Shue.

After a few rotations, he eventually bought the car in 2005. The multi-colored flame-painted Deluxe was about four years in the ground as powered by the legendary Chevy 350 cubic-inch small-block engine, which Hasserberger gave a little extra push. By having the cylinders

## STATS BOX

• **Engine:** 350 CUMMINS/350  
 • **Performance:** 273.1 mph (car club record)  
 • **Wheels:** 15" Hotchkiss GT 150 Series  
 • **Tires:** Hooper Winter G1  
 • **Interior:** Custom 1939  
 • **Exterior:** Custom 1939  
 • **Paint:** Custom 1939

lined, 30-year-old Deluxe makes an impressive 370 hp. Resting on a Mustang II suspension, a Corvette set-up among hot rods, Shue said the car drives better than most modern cars he's ever driven.

To ensure maximum of engine output, the Deluxe was reassembled with A/C that blows through the original heater vents, running directly through the firewall along with the condenser and coil. The 15" steering comes from a mid-'70s Camaro.

With the exception of classic turn-signal head boxes, Shue has changed very little since he purchased it. However, owning the car

This 1939 Chevy Master Deluxe's small block has been massaged to produce a whopping 370 hp.

was one thing. Getting to know it was a different story.

"The first car show I attempted to take it to after the sale was first, I started back up out of the driveway and off the sudden it started overheating, and spraying water all over the engine after we spent a couple hours cleaning it," said Shue.

Thinking an easy fix was possible in April, Shue tapped friends and made a few phone calls, eventually connecting with Haslerberger. Shue said he thought the electric fan was not engaging. And in his excitement to buy the car, important "hidden" details of the car fell through the cracks. A manually actuated water pump, which on new cars engages automatically via the ECU needed to be flipped for the electric fan to cool the engine properly.

Despite small problems, the car defies its age every time he turns the key. Shue said he hopes to do some aftermarket artwork to the rear panel, even while he waits for

## CHECK OUT MY RIDE

time between the Deluxe and the 1966 Mustang coupe, both of which he co-owns with wife Bonnie.

**What do you drive?** A '39 Chevy Master Deluxe.

**Why do you drive it?** It just amazes me. It's almost 70 years old and drives so nicely for a car so old. I have suspension and the other components of a condition of the steering, cruise control, the other car and the like. I don't compare with some of the older cars that haven't been modified.

**What makes this car so special?** All the red flames on it. The paint job is a head banger whenever I go. I drive it to look at the car. It's always a compliment. Definitely it is and I love something about it.

**What is your most memorable driving experience?** I was in November 2004. My wife Bonnie and I and with several Street Survivors club members also stayed in the hotel and had a party. Along the way, we stopped at "The Hot Dog Hut" in Pasadena. Then we drove through the Liberty area. We then entered the festival and later we went to a show at the Hollywood Bowl in Paris. It was well over a 250-mile and my first road trip and had a lot of fun.

**What was your first vehicle?** A 1971 Monte Carlo. It was the first car I had as a teenager. I was in school back in the day. It had a 251 with a 400 turbo transmission. Ever since I started driving, I had cars. My dream car was always a Corvette. I had seen a 1963 convertible Corvette.

**What's currently in your garage?** Classic cars, I have everything from the 1939 to 1966 Mustang.

**And your first ride? What was it for?** Speeding my mother's car.

Tim Shue bought the flame-painted hot rod in 2005.

# EAST COAST NATIONALS DEC. 6TH & 7TH

Congratulations to Wayne Gerst and Faye Eberhardt who won trophies at the show. There were a lot of beautiful cars and trucks there making the competition real tough. The Street Survivors had a good turnout and our Club Display was awesome. JR's Street Survivors Drive-In was a big hit again as was the train. Kenny was Santa and did a good job with his elves as they gave out candy to the kids and took lots of pictures. Thanks to all the members who came out to the show. Members in our Club display included Wayne, Faye, Tom & Diane Pattan, Bill & Bev Stallings, Kenny Provenson with his car & truck and Denny McElgunn (Rick's boss) and members, Terry Gillum and Perry Lewis were also in the show.

# CHRISTMAS BREAKFAST CAR SHOW DEC. 14

There was not an open spot left on the American Legion's lot for the show, thanks to our parking crew, Dick Cox, Dave Williams, Gary Grimm, Tom Patten, George Miller, JR Blair and others who helped cram them in. What a turnout for December, over 140 vehicles registered. Thanks again to Marie Higgins, Dina McKenny and Kenny Provenson for taking care of the registration. The Legion put on a great breakfast, (running low on food twice), the best they have ever had. Special thanks to Chairman, Rick Woolridge and Co-Chair Bob Sexton for their hard work. Rick did a great job gathering items for our annual Christmas auction and we want to thank the businesses who donated items and to those at the show who bid on them. We gave out 51 awards. The best of show was given to Jeff Kaler. The show was held to benefit the Arundel House of Hope. Many brought clothing donations for them and the Club made a donation. Special thanks to everyone who brought baskets for the raffle table and thanks to Linda Williams and Sharon Miller for all their hard work. George Miller saved the day with his large outdoor heater to keep everyone warm. So many of our members helped to put this show on and it would not have been a success without them. Thanks to JR for his pictures and aerial shots of the show. Special thanks to Don Harris for the Special Show Plaques he made.

Kenny presented Gary Grimm with the Member of the Year Award. Congrats Gary & Thanks for all your help!
