President's Message

Well the weather was not on our side at the start but the people still came out to the lot. It's good to see all the members there to support the Club. I just want to say thanks to all who help on the lot. It makes it easy to do the set-up with all the help.

Remember all the shows that the Club is putting on and show your support by trying to be part of the shows. Remember it's your Club and it takes all the members to keep it going.

Hope to have another cool season this year.
