**OCTOBER 2009**

Club Members,

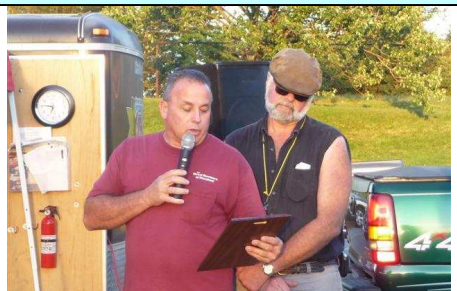

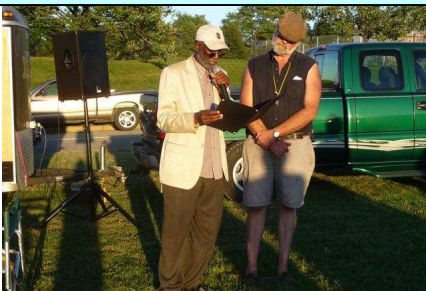

Well time is going fast but it's been fun. The Cruise Lot seems to be doing great, let's keep up the support. If you missed the Picnic you missed a good time. Good food, good weather and the best of all good friends. I want to thank everyone for all your help. Thanks to JR and the Bay City Modeler's for the Model Car Contest. Congrats to all who won.

I would like to say thanks to Richard Anderson for the Lead Sled Show. A great job he has done again, also thanks to the members who helped with the show. We had a good turnout at the Bakery Express for our first show there. Lots of thanks to all who helped all day long, especially Mary and Dick Cox and Gary Grimm for doing the cooking at the show. The success of the show was only possible due to all the great people in the Club.

Remember this is your Car Club and you all have done a great job in making it the best Club ever. Don't forget we have our Food Drive Cruise Night and our Halloween Cruise Night this month. Our Cruise Lot stays open until Nov. 6.

Happy & Safe Cruising,

### Chaplains Corner

BY: Dick Smith

As I spoke about loving technology in the August news letter I feel I should hit on one of my other favorites, the GPS system. I don't have one, but I enjoy riding with friends who have the Global Positioning System. I like listening to the automated voice give guidance and direction. Likewise, it is amazing to think of flying over the ocean on big airliners with automatic pilots.

David wrote in the Psalms, "At night I will lie down and sleep in the care of God."

When we go to sleep we are completely on Gods automatic pilot. The heart beats and the blood flows. Some say that just as an airplane is serviced. So is the body in sleep, and we are refreshed for a new day with new opportunities. When we awaken, the mind and the limbs function just as before, although perhaps just a little slower as we age.

The older I get, the more impressed I am with Gods creation of humans, plants, and animals. So when we give thanks, let us praise the Lord for our creation, and for taking care of us while we are on automatic pilot.

#### On the Lighter Side

I've sure gotten old! I've had two bypass surgeries, a hip replacement, new knees. I've fought prostate cancer and diabetes. I'm half blind, can't hear anything quieter than a jet engine, take 40 different medications that make me dizzy, winded, and subject to blackouts. I have bouts with dementia. Have poor circulation; hardly feel my hands and feet anymore. I can't remember if I'm 85 or 92. I've lost all my friends. But, thank God, I still have my driver's license.

The Sermon I think this Mom will never forget... this particular Sunday sermon... "Dear Lord," the minister began, with arms extended toward heaven and a rapturous look on his upturned face. "Without you, we are but dust..." He would have continued but at that moment my very obedient daughter who was listening leaned over to me and asked quite audibly in her shrill little four year old girl voice, "Mom, what is butt dust?"

When my grandson Billy and I entered our vacation cabin, we kept the lights off until we were inside to keep from attracting pesky insects. Still, a few fireflies followed us in. Noticing them before I did, Billy whispered, "It's no use, Grandpa. The mosquitoes are coming after us with flashlights."

A nursery school teacher was delivering a station wagon full of kids home one day when a fire truck zoomed past. Sitting in the front seat of the fire truck was a Dalmatian dog. The children started discussing the dog's duties. They use him to keep crowds back," said one youngster. "No, said another, "he's just for good luck." A third child brought the argument to a close. "They use the dogs", she said firmly, "to find the fire hydrant."

The young man from Mississippi came running into the store and said to his buddy, 'Bubba, somebody just stole your pickup truck from the parking lot!' Bubba replied, 'Did you see who it was?' The young man answered, 'I couldn't tell, but I got his license number.'

Word for today: Eagles may soar, but weasels don't get sucked into jet engines.
