STREET SURVIVORS OF MARYLAND, INC. P.O. BOX 19830 BROOKLYN PARK, MD 21225

Club Members,

We have had some really good crowds on Friday nights. It is really good to see some new cars and people at the lot. Everyone seems to like our new location. I want to thank, Russ, Mike & Chris for helping me out with the trailer. Membership Chairman, Doug Prinkey has been busy with new members. He even signed up one in York at the Street Rod Nationals.

York was a good time as always. Harrington is next and we have heard that it may be the last year for it. The Club has a large set-up there and everyone is invited. We are across from the John Deere pavilion. We plan several meals and if you plan to come give Diane Pattan or Janet Woolridge a call to see what is needed for you to bring.

Our next show is at the Bakery Express on July 14, please read the Newsletter to find out all the details as to what is needed. Mark you calendar for the Club Picnic that will be held at a new location this year, Wayne Gerst's home on Sept. 15. Details will be sent out soon.

Details about the 4th of July Parade is also in the Newsletter. Be safe traveling whether it be to a show, vacation spot or around town.

See you at the lot. Tom

The May meeting was called to order by Tom at 7:36pm at the Elks Lodge. The Pledge of Allegiance was recited and the opening prayer was led by Wayne Gerst. Wayne asked for prayers for better weather so we can gather together and perform his work.

Tom thanked everyone for coming and also thanked everyone who came to the swap meet. Our Friday Cruise night have been miserable. If the weather looks bad by 3:30 then we will cancel the event. Look for emails or texted from the members. The Memorial Day Car show will be held on May 26 at the Elks Lodge. We need door prizes, cakes and raffle baskets. Setup will begin at 6:45 am. Our new T Shirts will be available for sale at the Friday night gathering. Congratulations to Paige's son for achieving the Eagle Scout Award. Thanks to Amanda who has all our future car show placards and registration forms ready for the entire year. Ken Parcher will perform a Church service on Sunday at the Ocean City Cruiser weekend. Hope everyone going to Ocean City can attend.

**EPA announces year-round sales of E15 gasoline, OPEI responds
June 5, 2019**

The Environmental Protection Agency (EPA) announced the sale of gasoline containing 15 percent ethanol (E15) will expand to year-round.

The Outdoor Power Equipment Institute (OPEI), an international trade association representing small engine, utility vehicle and outdoor power equipment manufacturers and suppliers, issued the following statement in response to the EPA's announcement.

"We will continue to advise consumers and professional users of outdoor power equipment to 'Protect Your Power' as E15 gasoline sales expand to year-round across the country," said Kris Kiser, OPEI president and CEO. "With E15 sales expanding to year-round now in time for the summer travel and yard care season, it's more important than ever for consumers to educate themselves about fuel choices today and to pay attention to what fuels you put in your lawn mower, generator, chainsaw, trimmer, UTV or other small engine product."

Most outdoor power equipment is not designed, built or warranted to run on fuel containing 15 percent ethanol. "Fuel containing more than 10 percent ethanol can damage or destroy equipment," Kiser said. Consumers are advised to check their owners' manuals for guidance on correctly fueling their outdoor power equipment products, but "should be generally aware that only fuels containing 10 percent or less ethanol should be used," he said.

He added, "As the fuels marketplace is evolving, you can no longer count on being able to put the same fuel in your mower that you also use in your car or truck. You must pay attention at the pump so you can protect your power equipment. You must put the right fuel in the right engine product. And for outdoor power equipment, that means E10 or less."

Confusion at the pump

Past studies have shown that American consumers are confused about their fuel choices.

Along with boat, snowmobile, motorcycle, automobile and other manufacturers, OPEI has advised and educated consumers about the changing fuels marketplace, with mid-level ethanol blends being introduced for a subset of the automobile fleet. Mid-level ethanol fuels are not for use in non-road products, such as mowers, chainsaws, generators, UTVs, ATVs, boats, snowmobiles, motorcycles and other outdoor power equipment.

Earlier this year, the organization issued the results of a study conducted online with The Harris Poll that showed Americans are confused when it comes to fueling choices. OPEI's research found that only 1 in 5 Americans (20 percent) say they notice ethanol content at a fuel pump, while more than 4 times as many (86 percent) notice price (similar to last year, 20 percent and 85 percent, respectively).

Among those who own outdoor power equipment, less than half (42 percent) of respondents pay attention to the type of fuel they use. More than 1 in 10 outdoor power equipment owners are fueling incorrectly.
